

<b>Machine / Model:</b>	_____	<b>Seller / Firm:</b>	_____
<b>Year of manufacture:</b>	_____	<b>Serial No.:</b>	_____
<b>Operating Hours:</b>	_____	<b>Location (City, Country):</b>	_____
<b>Inspector:</b>	_____	<b>Date of Inspection:</b>	_____

STATUS LEGEND: OK = No defect Minor = Small defect, machine functional Major = Significant defect / Not functional N/A = Not applicable to this machine

Nr.	Inspection Item	OK	Minor	Major	N/A	Notes / Observations
<b>GENERAL</b>						
1	Operational readiness (starts, moves, responds to controls)					
2	Overall exterior condition (general view)					
3	Visible structural damage / deformation					
<b>EXTERIOR / BODY</b>						
4	Body panels / bodywork condition					
5	Frame — cracks or bends					
6	Working lights					
7	Steps / handrails / access points					
<b>ENGINE</b>						
8	Engine start — cold start OK					
9	Engine oil level					
10	Coolant level					
11	V-belt condition					
12	Exhaust aftertreatment (AdBlue / DPF)					
13	Smoke development (color / excess)					
14	Abnormal noise at idle or under load					
15	Leaks — oil, coolant, fuel					
<b>HYDRAULICS</b>						
16	Hydraulic oil level					
17	Hoses & cables — leaks / condition					
18	Pump and valve bloc — function					
19	Cylinders — leaks / rod condition					
<b>BOOM / WORKING EQUIPMENT</b>						
20	Functional test — full cycle					
21	Boom metal parts — cracks / wear					
22	Quick coupler — function					
23	Bucket teeth / cutting edge wear					
24	Blade condition (graders) / Tipping function (dumpers)					
<b>CABIN / INTERIOR</b>						
25	Operator seat, seatbelt — condition					
26	Cabin door, windows — condition					
27	Instrument cluster / warning lights					
28	Switches, controls — functional					
29	Heating / A/C					
<b>DRIVETRAIN / UNDERCARRIAGE</b>						
30	Steering function and play					
31	Service brake and parking brake					
32	Gearbox / Transmission — function					
33	Tracks / Chains — condition, tension, sprocket wear (%)					

34	Tyres — condition, tread depth (mm)					
<b>DOCUMENTATION</b>						
35	CE certificate / Maintenance records present					
36	Keys (No. of sets: _____) Operator manual present					

<b>OVERALL CONDITION SUMMARY</b>						
<b>Overall rating:</b>	Excellent (1)   Good (2)   Fair (3)   Poor (4)   Scrap (5)					
<b>Operational readiness:</b>	Fully operational   Operational with minor issues   Repair needed   Not operational					
<b>Transport:</b>	Self-drive onto truck   Crane / Forklift required   Special transport					
<b>Recommend listing:</b>	Yes — as described   Yes — with noted defects   No — repair required first					

<b>INSPECTOR NOTES &amp; OBSERVATIONS</b>
